Learn How To Play Soccer

Soccer is the number one sport in the world. Tons of people play soccer around the world. Soccer is a great way to exercise, have fun, and meet new people. But before you can play you need to learn how to play. Click on the link to learn how to play soccer and get tips on how to play.

To learn how to play soccer you will need to know some basic rules. There are countless variations on the soccer rules but you will generally only need to learn 18 of these. These 18 rules are often referred as laws of the game. I know by experience that memorizing the rules is not something you can do immediately. Instead, you will need to learn them while playing soccer. In this way you will be able to associate the rules with different situations on the field which will help you remember the rules better.
