Your Flu Vaccine Questions Answered

Do you have questions about flu shots? Here is the place to look if you do. There are ten commonly asked questions and their answers. Click on one of the links to get all the information you need on your flu vaccine questions.

It's flu-shot season already, and for the first time health authorities are urging [nearly everyone to get vaccinated](#). There is even a new high-dose version for people 65 or older.

What a difference a year makes: Crowds lined up for hours for scarce shots during last fall's swine flu pandemic, when infections peaked well before enough vaccine could be produced. This year, a record vaccine supply is expected -- an all-in-one inoculation that now promises protection against that swine flu strain plus two other kinds of [influenza](#).
